

Kingston Technology KSM56R46BS8-16HA memoria 16 GB 1 x 16 GB DDR5 5600 MT/s

Marchio : Kingston Technology

Codice prodotto: KSM56R46BS8-16HA

Nome del prodotto : KSM56R46BS8-16HA

Kingston Technology KSM56R46BS8-16HA. Componente per: PC/server, RAM installata: 16 GB, Configurazione della memoria (moduli x dimensione): 1 x 16 GB, Tipo di RAM: DDR5, Fattore di forma memoria: 288-pin DIMM, Latenza CAS: 46

| Caratteristiche                                      |                       | Caratteristiche                                    |              |
|------------------------------------------------------|-----------------------|----------------------------------------------------|--------------|
| Tipo di memoria tampone                              | Registered (buffered) | Tempo attivo                                       | 32 ns        |
| ECC on-die                                           | ✓                     | Tempo di precarica della riga (TRP)                | 16           |
| Latenza CAS                                          | 46                    | Profilo SPD                                        | ✓            |
| RAM installata *                                     | 16 GB                 | Programmazione con tensione di alimentazione (VPP) | 1,8 V        |
| Configurazione della memoria (moduli x dimensione) * | 1 x 16 GB             | Placcato piombo                                    | Oro          |
| Tipo di RAM *                                        | DDR5                  | JEDEC standard                                     | ✓            |
| Velocità di trasferimento dei dati in memoria *      | 5600 MT/s             | Condizioni ambientali                              |              |
| Componente per *                                     | PC/server             | Intervallo temperatura di funzionamento            | 0 - 95 °C    |
| Fattore di forma memoria *                           | 288-pin DIMM          | Intervallo di temperatura                          | -55 - 100 °C |
| Data Integrity Check (verifica integrità dati) *     | ✗                     | Dettagli tecnici                                   |              |
| Classifica di memoria                                | 1                     | Certificati di conformità                          | RoHS         |
| Voltaggio della memoria                              | 1.1 V                 | Sostenibilità                                      |              |
| Configurazione moduli                                | 2048M x 80            | Non contiene                                       | Alogena      |
| Tempo di ciclo                                       | 48 ns                 | Dimensioni e peso                                  |              |
| Tempo di ciclo refresh                               | 295 ns                | Larghezza                                          | 133,3 mm     |
|                                                      |                       | Altezza                                            | 31,2 mm      |
